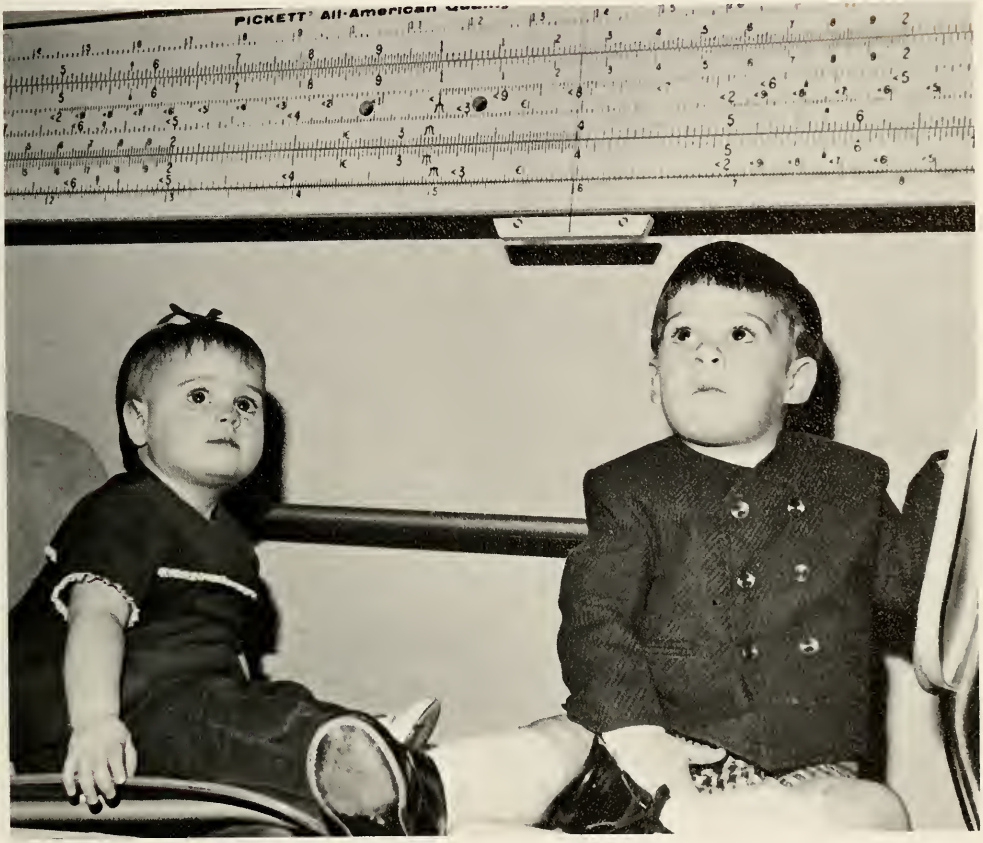
OPEN HOUSE

To educate a human mind is not merely to add something to it. A refined taste, a sharpened judgement, a widened mental vision, a precise speech, a keen discrimination, an ability to adapt oneself to an unpredictable variety of unpredictable situations are the indelible imprints left by a liberal education.

— Joseph L. Lennon

DEDICATED TO GROWTH



AS CHILDREN GROW . . . . . .

Cleveland County Technical Institute is also growing. We perform basically, skillfully, and culturally for Cleveland County. By the yardstick Cleveland Tech. can be measured as a very necessary part of business, industry, and education in this county. We have no student demonstrations, no disruptions, no discipline problems, but we do have school spirit. While Cleveland Tech. is growing in enrollment, we are also growing in student participation of activities.

TALENT

Each of us is placed here on earth and given life for some grand purpose. Each of us has been given a talent. It was put in us to develop and, through its development, to bless humanity. That is the ordained purpose behing each of our lives. And that purpose can be accomplished only by that individual.

BRIDGE OVER TROUBLED WATER

When you're weary, feelin' small
When tears are in your eyes I'll dry them all
I'm on your side oh when times get rough and friends
just can't be found
Like a bridge over troubled water
I will lay me down
Like a bridge over troubled water
I will lay me down.

When you're down and out
When you're on the street
When evening falls so hard
I will comfort you
I'll take your part oh when darkness comes

And pain is all around
Like a bridge over troubled water.
I will lay me down
Like a bridge over troubled water.
I will lay me down.

Sail on silver girl, sail on by
Your time has come to shine
All your dreams are on their way
See how they shine

Oh if you need a friend
I'm sailing out behind
Like a bridge over troubled water
I will ease your mind
Like a bridge over troubled water
I will ease your mind.

Keep interested in your own career, however humble; it is a real possession in the changing fortunes of time. Exercise caution in your business affairs; for the world is full of trickery. But let this not blind you to what virtue there is; many persons strive for high ideals; and everywhere life is full of heroism . . .

Your part in the world is very essential to the happiness of the world. One grain of corn never filled a bushel measure, but it helps its fellow grains to do so. Your little service to others may pass unnoticed, but the sum of all such helpfulness is what makes the world better today than it was yesterday and builds up our civilization.

WELDING

David Spangler

We do not live unto ourselves alone, but by our conduct we are constantly emitting an influence which may be a help or a hindrance to our fellow traveler. Yes, we are helping to mold the characters of others wherever we are. Books are only useful when read; sermons are influential only when listened to; but character keeps itself at all times before men's attention, and its weight is felt by everyone who comes within its sphere.

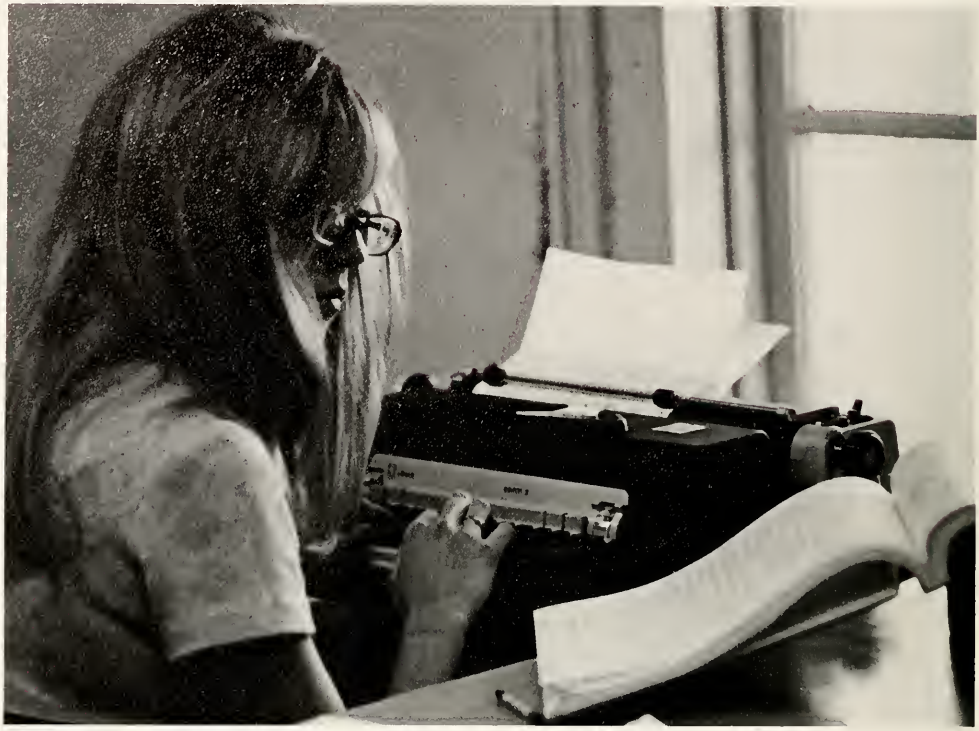
— "Building a Better Self,"
Megiddo Message

CAMPUS CAPERS

"Linda, you don't know it, but you s-u-r-e are nervous!"

If you keep your mouth shut you will get credit for knowing what you aren't talking about.

Do today's duty, fight today's temptation; and do not weaken and distract yourself by looking forward to things which you cannot see, and could not understand if you saw them.



"Do you want double spacing on the carbon copies, too, sir?"

Success is not so much measured by one's position in life, but by the obstacles overcome in reaching that position.

— Doc Anklam

ADULT EDUCATION CENTER

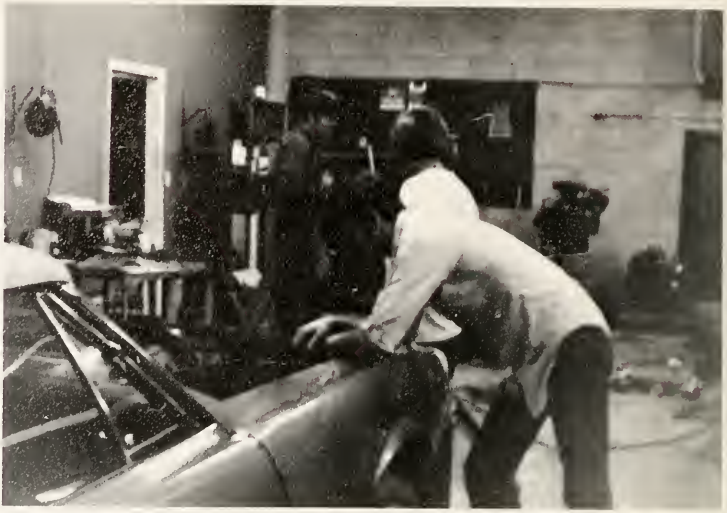
A smile is something that adds to your face value. The girls in the Christmas parade kept this in mind, although Santa wasn't there to see them.

There are three types of people: Those who make things happen; those who watch things happen; and the vast majority who have no idea what happens.

"Man, what bodies!"

A professor who looks like this
with a girlfriend who looks like
that doesn't need to show up
for class.
Right, Sheila?

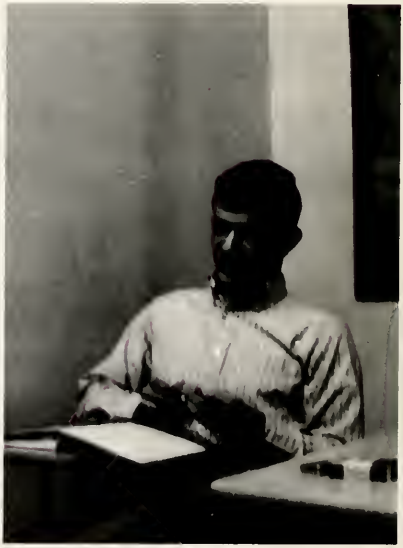
Time for a coffee break, fellas!



The driver is safer when the roads are dry;
the roads are safer when the driver is dry.

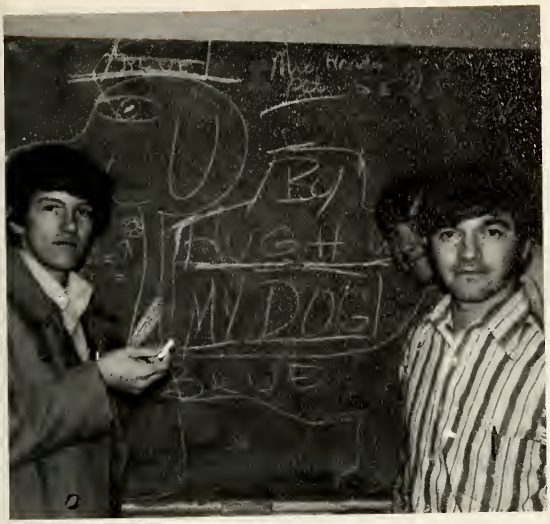
Education is the one commodity of which we can never have a surplus.

The road to success is always under construction.



"What's wrong, Dwight? Can't you find the cartoons?"

TIGER TALES!



Breathes there a man
With soul so dead
Who never turned around
And said .....
"Hmmmmmmmmmm. Not Bad."

Wilma — "Is that all there is to the story?"
Jean — "I guess so — I've already told you more than I heard ! ! ! ! ! ! ! ! ! !! ! ! ! ! "

Most college students are realistic — they feel that being broke is something to call home about.

Much advice may be had for nothing — and usually it's worth it.

FREEDOM

Freedom is more than a precious possession to be cherished. It is a workable way of life to be practiced, a priceless heritage to be preserved, a powerful philosophy to be taught, a descendant of sacrifice that commands our vigilant concern and our disciplined devotion. Freedom's enemies are waste, lethargy, indifference, inmmorality, and the insidious attitude of something for nothing.

— Ward's words by William A. Ward

Motivation is a quality within a man that leads to accomplishment. Any man who can experience it is a man who can achieve what he wants. Many things motivate men to action. With some the motivation is financial gain. Others seek personal self-fulfillment and a feeling of accomploshment. Still others are motivated by a desire to serve other people. The ideal kind of motivation combines all three.

If we choose to leave "our mark" on this world, we will do it only through our deeds. Personal fame is transient and fleeting. Only work is continuous, and as matter of fact, this inevitably is one of life's greatest blessings. There is always the phenomenon of the opening up of horizon beyond horizon, always another goal, beyond the goal already achieved.

One of life's great lessons that we are slow to learn is that neither the triumphs for which we so eagerly strive nor the vicissitudes which we so earnestly avoid are the things of lasting importance. The really important thing is to have a high goal and to set our faces toward it, no matter what the day-to-day circumstances that we may have to meet.

No disappointment, setback, failure or defeat should be regarded as final. In the lives of sucessful men and women, defeats have been but primarily skirmishes on the high road to victory.

Well, this is it – the 1970-1971 edition of THE BRIDGE. This book represents many hours of hard work, concentration, determination, and sacrifice. Within these covers is a combination of creative ideas, literary ability, and practical knowledge. This is your glance back at the year 1970-1971 at Cleveland County Technical Institute. We hope it will prove to be a complete remembrance of that year and the memories it holds for you.

VALENTINE'S DANCE

TODAY AND TIME

Today is here. I will start with a smile and resolve to be agreeable. I will not criticize. I refuse to waste my valuable time.

Today in one thing I know I am equal with all others — time. All of us draw the same salary in seconds, minutes, and hours.

Today I will not waste my time because the minutes I wasted yesterday are as lost as a vanished thought.

Today I refuse to spend time worrying about what might happen — it usually doesn't. I am going to spend time making things happen.

Today I am determined to study to improve myself, for tomorrow I may be wanted, and I must not be found lacking.

Today I am determined to do the things that I should do. I firmly determine to stop doing the things I should not do.

Today I begin by doing and not wasting my time. In one week I will be miles beyond the person I am today.

Today I will not imagine what I would do if things were different. They are not different. I will make success with what material I have.

Today I will stop saying, "If I had time —" I know I never will "find time" for anything. If I want time, I must make it.

Today I will act toward other people as though this might be my last day on earth. I will not wait for tomorrow. Tomorrow never comes.
